## FOIL ATTEMPT TO ROB LOCAL UNDERTAKER

ROBBERS DISCOVERED LURK-  
ING IN REAR OF HICKEY  
FUNERAL HOME

## GUEST FIRES SHOTS

Intruders Flee With Bullets Fly-  
ing At Heels; Saved By  
By-Standers

An attempted robbery was frustrated by the presence of guests at the Hickey funeral home Tuesday evening when the pair were discovered lurking in the rear of the John P. Hickey funeral home at 233 South Indiana avenue.

The neighborhood was aroused by the shots and the presence of pedestrians and motorists at the south entrance to the alley which runs behind the Hickey establishment prevented other shots from being fired at the fleeing burglars. The shooting occurred shortly before midnight.

The presence of the two men, who were crouched beside a trellis in the yard, was discovered by one of Mr. Hickey's guests as he was about to retire for the evening. Another friend of Mr. Hickey's who was armed with a revolver, left the front porch and walked to the rear. When the bandits ordered him to halt he fired two shots directly at the trellis. One of the bullets, found lodged in the wood of the trellis, could not have missed one of the would-be thieves by more than an inch.

The robbers, if they were armed, made no attempt at returning the fire but turned and fled south down the alley. Their discoverer fired after them, but when he noticed several persons who were attracted by the noise of the shooting enter the play he desisted. Several witnesses reported that they had good views of the fleeing men and that they continued south in the alley to Hickory street where they ran east to Indiana avenue and jumped into a waiting car.

Police arrived on the scene within a few minutes. The only clue found was the sharp imprint of one of the men's shoes in the Hickey yard where he slipped and fell in the scramble to get away when the first two shots were fired.

## GREER M'ELVAIN WRITES OF TRIP THRU MICHIGAN

Manistique, Mich., Aug. 5, 1930.  
Editor Republican:  
Thinking some of the readers of the Republican would be interested in what we are seeing I decided to send in a brief account.

We left Kankakee Saturday morning going via Gary and Michigan City on route 12 at the state line to Michigan 31 which follows the east shore of the lake. Traffic was very heavy and we began to think Michigan as the ratio was about ten Illinois to one of any other state Michigan included.

We camped Saturday night at a state camp 7 miles north of Muskegon which was small but comfortable. It was a small point of timber cut off by the state highway, has toilets, well, stores and tables. Sunday a. m. we had a light shower. We left there about 6 a. m. and drove to Mackinaw City arriving there at 3:30 and proceeded to the state park where we pitched our tent near Muskegon. Farmers were just beginning to harvest small grain and near Mackinaw the grain was still green.

All of the west side of Michigan suffered as did Illinois with the drought. A small belt near Benton Harbor has a good crop of peaches but generally the peach crop is a failure. Monday morning we ferried to St. Ignace, a distance of nine miles fare 25c a person and \$2.50 for the car. Leaving St. Ignace we followed route 31 for about three miles then route 2 which leads through the pine woods.

There are no towns from St. Ignace to Manistique just a few filling stations and garages and maybe 5 to 10 houses on this drive. We had the misfortune to have a puncture. Also a blow out. It is 98 miles from St. Ignace to Manistique all gravel road but good. We are going out to some lakes tomorrow. There are 137 of them and they tell us at Chamber of Commerce Information Bureau that the fishing is good and that there are no difficulties to getting permission to fish in fact they want tourists to come and offer fishing as an inducement.

Respectfully yours,  
Greer McElvain.

## BIG WEDDING CEREMONY ON FRIDAY NIGHT

BEAUTIFUL CEREMONY LIKE  
THOSE OF ROYALTY IS  
FEATURE OF FAIR

## LEGAL AND REVERENT

Young Kankakee Couple Will Be  
Married While Thousands  
Of Guests Watch

A glorious wedding ceremony, genuine and perfectly legal even if under rather unusual circumstances, so beautiful and lavishly splendid that its equal is seldom found except in the cathedrals of the very wealthy or among the crowned heads of the Old World will be one of the features of the Kankakee Inter-State Fair next week. It is a special event, arranged for at considerable expense by the management of the Fair Association.

Here it must be emphasized that there will be no burlesque, no comedy, no sordidness attached to this ceremony. It is the legal marriage of the young couple which will be selected and when the pastor intones the final, "I now pronounce you man and wife" the matrimonial knot will be tied just as securely and just as reverently as though it were a family wedding, in the home or in the church.

The bride, Miss Mary, daughter of the famous stage manager, will be the star of the ceremony, and the wedding guests will be you and I and the rest of us.

It is the dream of every young girl and young man to someday be married, to have a beautiful and lavish ceremony with all of their friends and relatives present. So Ernie Young, the world renowned producer, dubbed as the "Ziegfeld of the West" by national and international critics, has been engaged by Secretary Len Small to make this dream come true for some fortunate young couple of this community.

Picture if you can, sixteen beautiful young ladies of the community dressed in costumes as bridesmaids, maids of honor and flower girls, who act as attendants to the bride and groom. A band will play specially written and copyrighted musical scores and lyrics, a nationally known Broadway prima donna will sing the theme song and thousands of varied colored lights will play on the scene from all angles.

Then in the center of the glorious picture will be the happy couple answering the minister's queries while thousands of friends and guests sit in the grandstand in interested silence, witnessing the awe-inspiring sight while the couple are pronounced man and wife.

This is the picture that will be enacted on Friday evening, August 15, at the Inter-State Fair in Kankakee.

## Inter-State Fair Opens Sunday With One Of The Greatest Entertainments

According to newspaper comments regarding Thaviu's appearance elsewhere, this dynamic bandmaster who next Sunday opens a week's engagement at the Kankakee Inter-State Fair, does not require a press agent.

Newspapers along his entire route furnish all of the material he needs by expressing their own opinions. If the following reports are criterion, visitors to the Kankakee Fair next week will be more than pleased with Thaviu's productions.

The Cincinnati Enquirer for June 1 says: "The Thaviu organization is something more than a brass band. It is a complete entertainment unit. Few bandmasters approach Thaviu in the matter of program building. 'Not only is he an energetic artist, who knows how to achieve the best effects with the material at his command, but he seems strangely conversant with public taste. A Thaviu program invariably is interesting, invariably diversified, and always high in artistic value.'"

"Although Thaviu is opening his summer tour in Cincinnati, last night's performance of the combined strength of his company, numbering about fifty artists, was presented with a smoothness not ordinarily attained until after much rehearsal and frequent appearance before critical audiences."

Under the headlines "Crowds and Melody Open Week at Zoo," the Cincinnati Daily Times-Star says: "Although the moon was only half full Sunday night, the Zoo was just about entirely so, and as an ancient ditty hath it, 'There was music in the air.'"

"For an uncommonly interesting show came to the Zoo Sunday. 'Show' is the only word that fits, for it is several things. It is a band, a ballet, a tabloid vocal concert, all as modern and fresh as tomorrow's paper."

"The band is Thaviu's. It is a competent and sonorous aggregation with an ingratiating sense of rhythm and a repertoire that well deserves the title 'Cycle of Hits.' For it is now Thaviu's twenty-fifth anniversary before the public and he commemorates his Silver Jubilee most fittingly."

## DISTRICT GOVERNOR AT ROTARY MEETING

Norve Fultz, Cicero, governor of Rotary clubs in the 40th district, which includes Kankakee, was the speaker at the weekly luncheon of the local club at noon today in the Gold room of the Hotel Kankakee.

Mr. Fultz's talk was of interest to Rotarians only. He reviewed the aims and objects of Rotary which was founded 25 years ago in Chicago. He urged all Rotarians to exhibit greater fellowship and cordiality at meetings and also to break down religious and racial prejudices as Rotary today covers the world. He said there are now over 300 Rotary clubs and in 25 years only five have surrendered their charters.

Dr. David Creighton, who recently returned after being confined to a Chicago hospital, thanked the club for the flowers which were sent to him.

## TORRENT OF WATER SWEEPS THRU NOGALES

Nogales, Arizona, Aug. 7.—(P)—A torrent of water that swept through the Mexican and American border cities of Nogales early today left four known dead, forty missing and a scene of confusion which led police to believe at least 25 persons had lost their lives.

The bodies of three women were found on the Mexican side of the line and the body of a man was discovered near the banks bridge on the American side. None was identified.

"Many houses have been swept away," the Mexican police reported, "and forty persons are missing."

One hotel and sixteen Mexican homes on the Sonora side were reported by the police there to have been swept away. They did not know how many persons were in the hotel. A. C. Villaseor, chief of police, said his officers reported having seen several bodies floating down the street.

Originating from a heavy rain in the Santa Rita mountains, the flood water rushed down the valley and inundated the lower portions of the international city, particularly the Mexican side, five to eight feet.

Flood water stood six feet deep in International street, the thoroughfare of picturesque shops which divides the two cities.

Confusion was so widespread that reports of missing persons could not be checked. Screams of women, caught in buildings of the lower areas, arose above the roar of the flood water. Both cities were dark as power lines went out of commission. Telephone service stopped.

At 3 a. m., the chief of police of Nogales, Sonora, made his way to the American side and said he had received reports of at least two dozen deaths, but could not confirm them. He said 25 children had been reported missing in the Mexican city.

From three to eight feet of water poured through the streets of the border cities apparently from a cloudburst.

Excited citizens flocked to the police station here and told of seeing persons, mostly children, being swept along by the raging rain waters.

The Nogales, Sonora, chief of police said the torrents of water, sweeping through his city, had cracked sidewalks, uprooted trees, and flattened adobe buildings. An hotel there, of adobe construction, collapsed.

It was not known how many persons were in the building. Mexican police said they feared similar occurrences and that many lives might be lost in collapsing buildings.

Physicians and nurses were mobilized on the American side and all space in hospitals was made ready. Rescue work was made difficult because of darkness and heavy rain. At four o'clock the skies still were pouring down sheets of water and there was no perceptible receding of the flood.

## ARRESTED BY CHIEF STACK AND HIS MEN

CHEBANSE BROTHERS JAILED  
FIRST; TWO OTHERS ARE  
FOUND IN PEORIA

## ONE MAN CONFESSES

Was Captured When He At-  
tempted To Pawn Watch; Im-  
plicated Younger Brother

Four men, two from Chebanse and two from Peoria, Ill., whom John Stack, chief of the Kankakee Police Department, has reason to believe are the entire membership of the armed bandit gang which has been robbing and terrorizing motorists in the vicinity of Kankakee for the past several weeks, were arrested yesterday afternoon and last night and are now all prisoners in the city jail.

The four men are: Willard Cleary, 21, of Chebanse; his brother, George, 24; also of Chebanse; Charles W. Davis, 37, 1410 Second street, Peoria; and Lester Bohannon, Peoria Heights, a suburb of Peoria.

Cleary Taken First  
George Cleary was arrested first. He was taken yesterday afternoon by Chief John Stack, Detective Ed Jennings and Officer Gene LaFontaine yesterday afternoon on South East avenue when he tried to pawn a watch, supposed to have been stolen in one of the holdups near Kankakee. The brother was arrested at Chebanse not long after.

The Peoria men were arrested by the same officers early this morning at their homes in Peoria. Both were in bed asleep when the Kankakee officers, aided by two Peoria officers, surrounded their homes and captured them.

The capture of the alleged bandit gang is the result of almost continuous work, day and night, by Chief Stack and his officers during the past several days. It was made thru several clues, scanty enough, given to the police by the various victims of the holdups. The policy of not overlooking a single detail, no matter how insignificant it might appear, led to the arrests.

**Five Identifications**  
George Cleary, while a prisoner in the jail last evening, was viewed by five victims of the holdups who in most cases positively identified him, it is said, as one of the bandit gang. Those who viewed him are: C. J. Raboin, 1487 East Court street; Don Curtis, 342 South Fifth avenue; Arthur Hammond, 554 East Hickory street; Theresa Cavanaugh, 384 West Station street; and Godfrey Herscher, 560 South Chicago avenue.

Chief Stack stated this morning that the elder Cleary had broken down completely last night after much questioning and had admitted to have taken part in every holdup in Kankakee recently with the exception of one, the robbery of the oil station of the Standard Oil company at Indiana avenue and River street. This robbery was effected on the evening of Monday, July 28, by three in an automobile while a large group of people were engaged as players or spectators at the miniature golf course across the street.

Implicates Brother  
Cleary denies having anything to do with this robbery. However, he has implicated his brother, Willard, as one of the bandit crew, but says

# POPE ISSUES A STATEMENT TODAY

Vatican City, Aug. 7.—(AP)—The Pope, in a personal statement, published in the Osservatore Romano today, announced the formation of a "Pontifical organization for the preservation of the faith and for the provision of new churches in Rome," designed to combat Protestantism and to provide for the spiritual needs of the Protestant population in Rome.

The announcement in "Moto Proprio," that is, a document made by the Pope himself, recalls the Pope's protest against Protestant activities in an allocation at a secret consistory held on June 30.

The new "defense organization" will have a Cardinal for its president who will maintain continuous contact with Cardinal Poma, Vicar General of the Diocese of Rome, to keep him informed and exchange useful ideas.

The document ends with an invocation of divine favor and imparts the Apostolic Benediction on all entered in or adding the enterprise. A brief issued by the office of the secretary of state named Cardinal Marchetti Selvaggiani president of the organization.

**"Was Never Plowed Before"**  
... says Axel Medelberg, superintendent of Harmony Hills Farm near Marengo, Ill.

**B**ut a "Caterpillar" 15 Tractor plowed this old lake bed that had never been plowed before—and had power to spare. Here it is, pulling a 10-foot tandem disc over the toughest land imaginable.

**"Caterpillars" don't pass up the tough jobs. Weather doesn't stop them... they plow right through, be it raining or shining, snowing or hailing. Hills, soft spots, sand, grit or mud make no difference. You are always the master of conditions with the "Caterpillar" Tractor.**

**Write today for our catalog showing how the "Caterpillar" can be the best hired man you ever saw.**
